The Embassy of Japan will present an exhibition “TOHOKU Through the Eyes of Japanese Photographers”, in collaboration with the Ministry of Culture, Youth and Sports of Brunei Darussalam and the Japan Foundation from the 11 of February to the 4 of March 2016 at the Muzium Teknologi Melayu. It is open to the public, free of charge.

“TOHOKU Through the Eyes of Japanese Photographers” is an International Touring exhibition, which has been exhibited in 25 countries around the world since 2012. It comprises the work of nine individual photographers and one group of photographers, who have taken pictures of the Tohoku region, in the North Eastern part of Japan which was affected by a devastating earthquake and tsunami in March 2011. The purpose of this exhibition is to positively promote an understanding of both the historical and cultural background, as well as the nature of the beautiful Tohoku region, and raise awareness, so that it is remembered, not solely as a disaster affected area.
